Finishes guideline

The “finishes guideline” document aims to guide the user through the available finishes for the main living and night systems and all the available finishes in real sample. We strongly suggest to build your projects looking to the dedicated price lists for living and night systems.

Il documento “finishes guideline” si propone come una guida esemplificativa delle finiture disponibili per i principali sistemi giorno e notte e per tutte le finiture prodotte in campione reale. Per tutti i dettagli in merito alla strutturazione del progetto, consigliamo la consultazione del corrispettivo listino giorno o notte.
