1—
10

The evolution of the Augusto sofa by creative director Vincent Van Duysen is firmly underway as it transforms into a versatile modular system, seamlessly blending timeless elegance with contemporary flair. Van Duysen's vision aims to capture the enduring essence of Augusto in a modular format, introducing innovative circular compositions with curvilinear modules that foster intimate conversations. Retaining its timeless aesthetic, complemented by coordinating piping, the Augusto modular sofa features soft padded seats and a sleek metal structure adorned with elegant piping. This adaptable design effortlessly complements various interior styles, offering both comfort and sophistication. The modular system includes lateral and central elements for enhanced functionality, chaise lounges and islands for relaxation zones, and curvilinear modules for dynamic configurations. From compact spaces to spacious rooms, Augusto provides stylish solutions tailored to diverse needs. Crafted with comfort in mind, the Augusto sofa incorporates high-density foam padding and soft seat cushions made from recycled polyester fiber. The meticulously designed base, featuring aluminum feet with non-slip tips, ensures stability and durability while aligning with Molteni&C's eco-conscious ethos.
